

CELEBRATING 40 YEARS

A large, stylized number '40' in a gold, 3D font. The '0' is replaced by a graphic of a sun rising behind two mountain peaks. The sun is a solid gold circle, and the mountains are outlined in black with gold-filled peaks. Below the mountains, there are two curved, overlapping shapes that resemble a river or a path, also in gold.

A scenic landscape photograph featuring two women with long, wavy brown hair seen from behind, looking across a calm lake towards a large, snow-capped mountain. The foreground shows the backs of the women's heads and shoulders. The middle ground is a still lake reflecting the surrounding forest. The background is a dense evergreen forest leading up to the base of the mountain. The sky is a pale, clear blue.

# Matthew 13:31-33

We need not be ashamed of the smallness of Jesus, his story and his teachings. For while it is characteristic of all seeds to be small, it is their characteristic also to be alive.

A grain of mustard seed *is* small, but it is seed and has in it a disposition to grow. Jesus' story and his teaching are alive with power in enough people in the world to be in fact trees of shelter and loaves of food for the needy all over the world.

*Dale Bruner*

Let us not become weary in doing good, for at the proper time we will reap a harvest if we do not give up.

Galatians 6:5

We overestimate what we can do by ourselves in a year, but underestimate what God can do in and through us in a decade. Think Long.
